

2019 TSANZ Inaugural Cardiothoracic Symposium

Holme Building, Sydney University

Sunday 28th July, 2019

(Prior to the start of the ASM)

Sunday 28th July 2019

1000 - 1430

Extra-Corporeal Heart & Lung Perfusion: Where are we now?

Australian experts will deliver key-note presentations on local & international experience and innovations in extra-corporeal heart and lung perfusion.

This symposium aims to bring together attendees from Australian and New Zealand cardiothoracic transplant programs to promote collaboration and cross fertilisation.

Program Speakers will include:

Peter Macdonald (St Vincents)

Paul Jansz (St Vincents)

David McGiffin (The Alfred Hospital)

Temporary Mechanical Circulatory Support for Cardiogenic Shock

Peter Hopkins (Prince Charles Hospital)

The Prince Charles Experience with XVIVO Lung Perfusion

Greg Snell (The Alfred Hospital)

101 uses for an EVLP System

Kumud Dhital (St Vincents & The Alfred)
