

2019 TSANZ Inaugural Cardiothoracic Symposium

Holme Building, Sydney University
Sunday 28 July, 2019
(Prior to the start of the ASM)

Extra-Corporeal Heart & Lung Perfusion: Where are we now

Australian experts will deliver key-note presentations on local & international experience and innovations in extra-corporeal heart and lung perfusion.

This symposium aims to bring together attendees from Australian and New Zealand cardiothoracic transplant programs to promote collaboration and cross fertilisation.

Sunday 28 July 2019		
Morning Session		
Chairs: Dr Monique Malouf and Ms Michelle Harkess		
1000 – 1005	Welcome	A/Prof Andrew Jabbour
1015 – 1025	DonateLife: Expanding the Heart & Lung Donation Pool	Dr Helen Opdam
1025 – 1045	Which Pump, and When & Why	Dr Paul Jansz
